## Our Name Has Changed, But Not Our Focus: Productivity

*Announcing a name change-from SAPtips to ERPtips-and a refreshed and redesigned website at [www.ERPtips.com](http://www.ERPtips.com). Check out the new site and let us know what you think.*

Our focus, as always, is to help you bring out the full value of your SAP investment by offering Basic and Mastery Level SAP [training](#), our bi-monthly [ERPtips Journal](#) (formerly SAPtips Journal) and professional [consulting](#) services.

## Table of Contents for February/March ERPtips

---

### Financials / FI/CO: Making the Transition from US GAAP to IFRS in SAP - Part II, by Anurag Barua, Senior Manager.

In the first part of this article, we made you aware. In some of you, we created fear. Read the final part of Anurag's article to allay your fears and identify your next steps.

---

Finesse your FI reports with these clever ways to use Dynamic Selections in SAP.

---

### HR: Should We Implement SAP ECM? Concepts to Consider, by Satish Badgi, SAP HR Consultant.

Ready to implement the Enterprise Compensation Module? Learn the basics before you decide.

---

### Logistics / MM: External Services Management Use and Configuration: Part I, by Jocelyn Hayes, SAPtips Director of Training and Consulting.

Master the intricacies of setting up the Service Master data, and creating POs for a service.

---

### Logistics / MM: Vendor Evaluation, SAP, and You, by Adam Tysman, SAP Value and Effectiveness Specialist.

Learn how to set up methods to monitor industry-specific criteria automatically.

---

### Logistics / MM: Optimizing Purchasing - Part II: Source Determination

By Jocelyn Hayes, SAPtips Director of Training and Consulting  
Purchasing can be complicated, especially when you have several vendors and

contracts for a particular material. You know that SAP simplifies it through the set up of master data, but exactly how does it all come together to identify the best source?

---

**Pricing: Pricing Conditions: Setting Automatic/Price Master Data Control in SAP**, by Pam Adams.

In SAP, configuration is everything. Learn to set up Price Master Data Control so that pricing levels and discounts are applied automatically.

---

**Basis: How to Perform an OS/DB Migration Using SAPinst**, by Eric Walter, Basis Consultant.

You too can perform a dual stack system copy, including migrating platforms, using SAPinst.

---

**CIO Corner: What Does It Take to Become an SAP Business Process Expert?**, by Jon Reed, JonERP.com

Need to add to your marketability? You may want to investigate what it takes to become an SAP Business Process Expert

---

**CIO Corner: The Big Project - Part III: Communication, Communication, Communication**, by CJ Rhoads.

In real estate it's all about location, location, location – but to survive a big IT project, you better have communication, communication, communication.

---

**CIO Corner: Closing the ERP Knowledge Gap: The Iterative Cycle of Training and Consulting**, by CJ Rhoads.

Get greater results from your investment in outside services in an ERP implementation.

---

**CIO Corner: Economics of SAP® Contract Software Development and Support**, By Pat Pesa

So, your 2009 budget for outside services has been slashed. You're not alone. Let's re-think how we use in-house and contract resources.
