

## No matter what your learning initiatives are, ePath Learning helps you put them on the ePath to Success!

---

**Train Your Employees**

**Certify Your Technical Team**

**Inform Your Customers**

**Guarantee Compliance**

**Empower Your Sales Organization**

ePath Learning's on-demand integrated Learning Management Service (iLMS) enables you to create your own corporate university and online learning portal quickly and cost effectively. It is easy to use, fully scalable, and available anytime, anywhere you can access a web browser – even on your mobile device!

ePath Learning provides you the three critical components necessary for successful adoption and utilization of your organization's eLearning initiatives:

### [iLMS Technology](#)

The collaborative authoring powers of an LCMS combined with the administrative strengths of an LMS integrated to provide you with a full-service, one-stop, complete online learning management solution.

### [Support & Professional Services](#)

A client-centric Service team giving you the support you need, when you need it, one-on-one. A highly experienced Pro Services team ready to help you create custom online courses or enhance the ones you already have. Either way, we are here to ensure your success.

### [Subscription Pricing Model](#)

With subscription based pricing we have a vested interest in your success. We are so confident that we can help you with your online learning initiatives, that we are willing to put "skin-in-the-game" to prove it.

Whether you need to educate and train employees, or inform customers on topics ranging from simple information and "how-to" procedures, to complicated technical education, or if certification & compliance is an issue, ePath Learning will ensure your eLearning programs are launched faster, at less cost, with higher adoption rates and a quicker return on investment.
